United Association of Plumbers, Fitters, Welders and HVACR Service Techs
Endorses Governor Larry Hogan for Second Term

ANNAPOLIS, MD – On behalf of the United Association of Plumbers, Fitters, Welders and HVACR Service Techs, and our affiliated Maryland Locals, I am proud to announce the UA's endorsement of Governor Larry Hogan for re-election in 2018.

Governor Hogan has moved the State forward with bi-partisan leadership in the interests of all Marylanders. His inclusive energy policy is not only good for the environment, but will also add good paying jobs to the Maryland economy and support skilled tradesmen and women.

The UA knows firsthand the need for policies and projects that keep Maryland moving in the right direction. We are confident that Governor Hogan will forge ahead in making plans realities. With the political uncertainty that looms in our nation's capital, we are happy to have the steady hand of Larry Hogan at the helm of the Great State of Maryland. The UA looks forward to working with Governor Hogan in his next term to not only improve the lives of the UA membership, but of all working families.

Mark McManus
General President

###

Founded in 1889, the United Association of Plumbers, Pipefitters, Sprinklerfitters, Welders and HVACR Service Technicians (UA) is a multi-craft union whose members are engaged in the fabrication, installation and servicing of piping systems. There are over 345,000 members belonging to more than 275 local unions in the United States and Canada. The headquarters for the organization is based in Annapolis, Maryland.
